

BUILDER DEVELOPER

NORTH LAKE HOMES

As the founders of North Lake Homes, Kent and Laura Jobe build homes designed for contemporary living but with a traditional style that provides warmth and comfort. "We're committed to utilizing outstanding design, materials and craftsmanship in every home we build," says Kent. "You'll see woodwork that is reminiscent of a 100-year-old home but with all the modern conveniences."

"When you walk through a North Lake Home, you'll notice our commitment to details," says Laura. "We use trusted brands that speak to quality and durability, and build every home as if it was going to be our next home. We are building living environments, not just square footage. We believe a home is a place to build memories with family and friends."

North Lake Homes has three neighborhood projects – Radiant Lake in Rathdrum, Progress Properties in Spokane Valley, and Trails End near Liberty Lake. In Fall 2007, they will also break ground on Forest Ridge in Hayden.

North Lake Homes

Model Home:

7545 Majestic, Rathdrum,
Idaho (Radiant Lake)

208.755.7223 - Kent

208.755.2424 - Laura
